Turkmen Chemicals Announces International Tender for the Construction of an Iodine, Bromine, and Bromine Derivatives Production Plant

09.11.2024 - 11:37

Türkmenhimiýa (Turkmen Chemicals) State Concern on behalf of the tender Commission announces an international tender for the design and "turnkey" construction of a plant for the production of iodine, bromine, and bromine derivatives, including the reconstruction of the raw material base at the Nebitdag-Monjukly field of the Balkanabat iodine plant in Turkmenistan

Parties are invited to the address of Türkmenhimiýa SC to:

- submit a written application (from companies registered or having Bank accounts in offshore zones, applications are not accepted) about the desire to participate in the tender with the full name of the participant, its legal status, country of registration and details;
- receive package of tender documents by paying \$1,725 (one thousand seven hundred and twenty five) including VAT or the equivalent in manats at the rate of the Central Bank of Turkmenistan (for residents of Turkmenistan) for each package of documents.

Tender proposal packages will be accepted only upon confirmation of the participation fee payment.

The deadline for submitting tender proposals is 30 (thirty) business days from the date the announcement is published in the Neutral Turkmenistan newspaper.
